eazycosting

A cloud-based inventory and labour control system built to streamline workflows and drive smarter cost management

Our primary focus is on inventory and labour control, seamlessly connected through powerful features that also support accurate, real-time cost management across your operations.
- ✔ Quotes & Invoices
- ✔ Jobs
- ✔ Call-Outs
- ✔ Electronic Job Cards
- ✔ Orders to Suppliers
- ✔ Manufacturing
- ✔ Bills of Material
- ✔ Timesheets

Controlling your entire business process is at the heart of the Eazy Costing platform. Less admin. More results.

eazycosting

We work with industries that stock materials or order per job, and those with teams working on-site. We also support businesses that manufacture stock items or operate on retainer contracts. Some examples of industries we service include:

- ✔ Refrigeration & HVAC
- ✔ Electrical & Solar
- ✔ Plumbing
- ✔ Manufacturing
- ✔ Diesel Generators (Manufacture, Supply & Service)
- ✔ Home Automation & Security Installations
- ✔ Catering Equipment Supply & Service
